I would like more information about

Planning a Clean Air Campaign at my worksite Commuter choice benefits Other

List the ways you will send air quality alerts to your employees (check all that apply)

E-mail Signage PA Announcement Voice-mail Face-to-Face

As a Clean Air Partnership of Middle TN Employer Partner, I pledge to help combat the problems of air quality in Middle Tennessee by making educational materials and other opportunities available to my employees.

There are several ways to spread the word and encourage employee participation, including:

- Sending out e-mail notifications and reminders
- Hosting an informational session conducted by the Clean Air Partnership
- Displaying posters and flyers in high-traffic areas of your office
- Providing information on your company's intranet
- Including information packets with paychecks
- Including an article in your company newsletter
- Including information in your new hire packets

Please complete and return this form to:

The Clean Air Partnership of Middle Tennessee
